

INTELLECTUAL PRODUCTS	
Evaluation report 2/4	
Full file	IO2 Teachers manual
Under activity	A2 SGAG methodology
LEADING PARTNER	Aregai
Date of delivery	Planned 31/06/16 – delivered 23/01/17

Values		Average	
	Linking with the context	89.29	The partners are clear about what the project is needed for, but the audience are still not so clear. There still a lack for dissemination strategy.
	Innovation and continuous improvement	65.18	The product is not perceived as innovative or relevant, even because the audience was not involved in its creation.
	Coordination, management partnership' organization	84.82	The product was late in production but the producing partners received the needed information for the preparation.
	Exploitation and sustainability	66.96	As the target group has not been involved in production, the partners can't envisage other usage.
	Taking care of the people, health safety	70.54	As there is not clear dissemination strategy, the partners have not clear idea on how to sustain the product at the end of the project.t
