

INTELLECTUAL PRODUCTS	
Evaluation report 3/4	
Full file	IO3 eCourse
Under activity	A3 Production of the E-course and the Game
LEADING PARTNER	Tempo
Date of delivery	Planned 28/02/17 – delivered 28/02/17

Values		Average	Notes
	Linking with the context	93,39	The product is perfectly in line with the project's aims and objectives, but the strategy to disseminate it are not clear to the partners.
	Innovation and continuous improvement	76,79	There should be more coherence among the different modules, and the partners lament the lack of involvement of the target group while creating the product. All partner are satisfied with the final product even if it is not that innovative.
	Coordination, management partnership' organization	88,39	The partner had the perception to be late in the production, but they were actually early with the delivery.

	Exploitation and sustainability	76,43	Partners have no perspective on how to make the product useful to other audiences. They MUST think at this a bit better.
	Taking care of the people, health safety	88,93	The possibility to use it in other situation exists and have to be discussed as soon as possible.
